## *The Classic Color Collection*

A perfect surface is like the icing on a cake. It is the final touch, your own personal signature. With Caesarstone's vast array of colors, styles and motifs you are sure to find your perfect design. Whether for the kitchen, bathroom, or any space you can envision, there is a Caesarstone surface that meets the highest standards of quality while inspiring creativity.

This classic, multi-color collection ranges from salt-and-pepper motifs to vivid color blends, ideal for a variety of residential and commercial applications. Classico colors are available in three different finishes: polished, honed (matte or non-glossy), and concrete.

All of our surfaces come in standard slab dimensions of 120" x 56.5" and in thicknesses of 2cm (3/4") or 3cm (1 1/4") with diverse possibilities of edge profiles, shapes, patterns, and textures.

## *The Virtue of Quartz*

Quartz is one of nature's strongest minerals. Resistant to stains, scratches, cracks, heat and cold and requires minimal maintenance.

Caesarstone surfaces, consisting of up to 93% quartz, retain the cool, tactile qualities of nature's strongest stones while offering freedom of design with seemingly endless application possibilities.

Caesarstone pioneered the original quartz surface in 1987. Since then, we have developed a diverse selection of successful products. Our surfaces come from our state-of-the-art manufacturing facilities, utilizing the most advanced technologies available.

## Edge Profiles

The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge-profile design options. Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. All edge details should have a minimum 1/8" radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4" minimum radius is suggested.

Standard Pencil Edge with 1/8" radius

## Caesarstone Slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity.

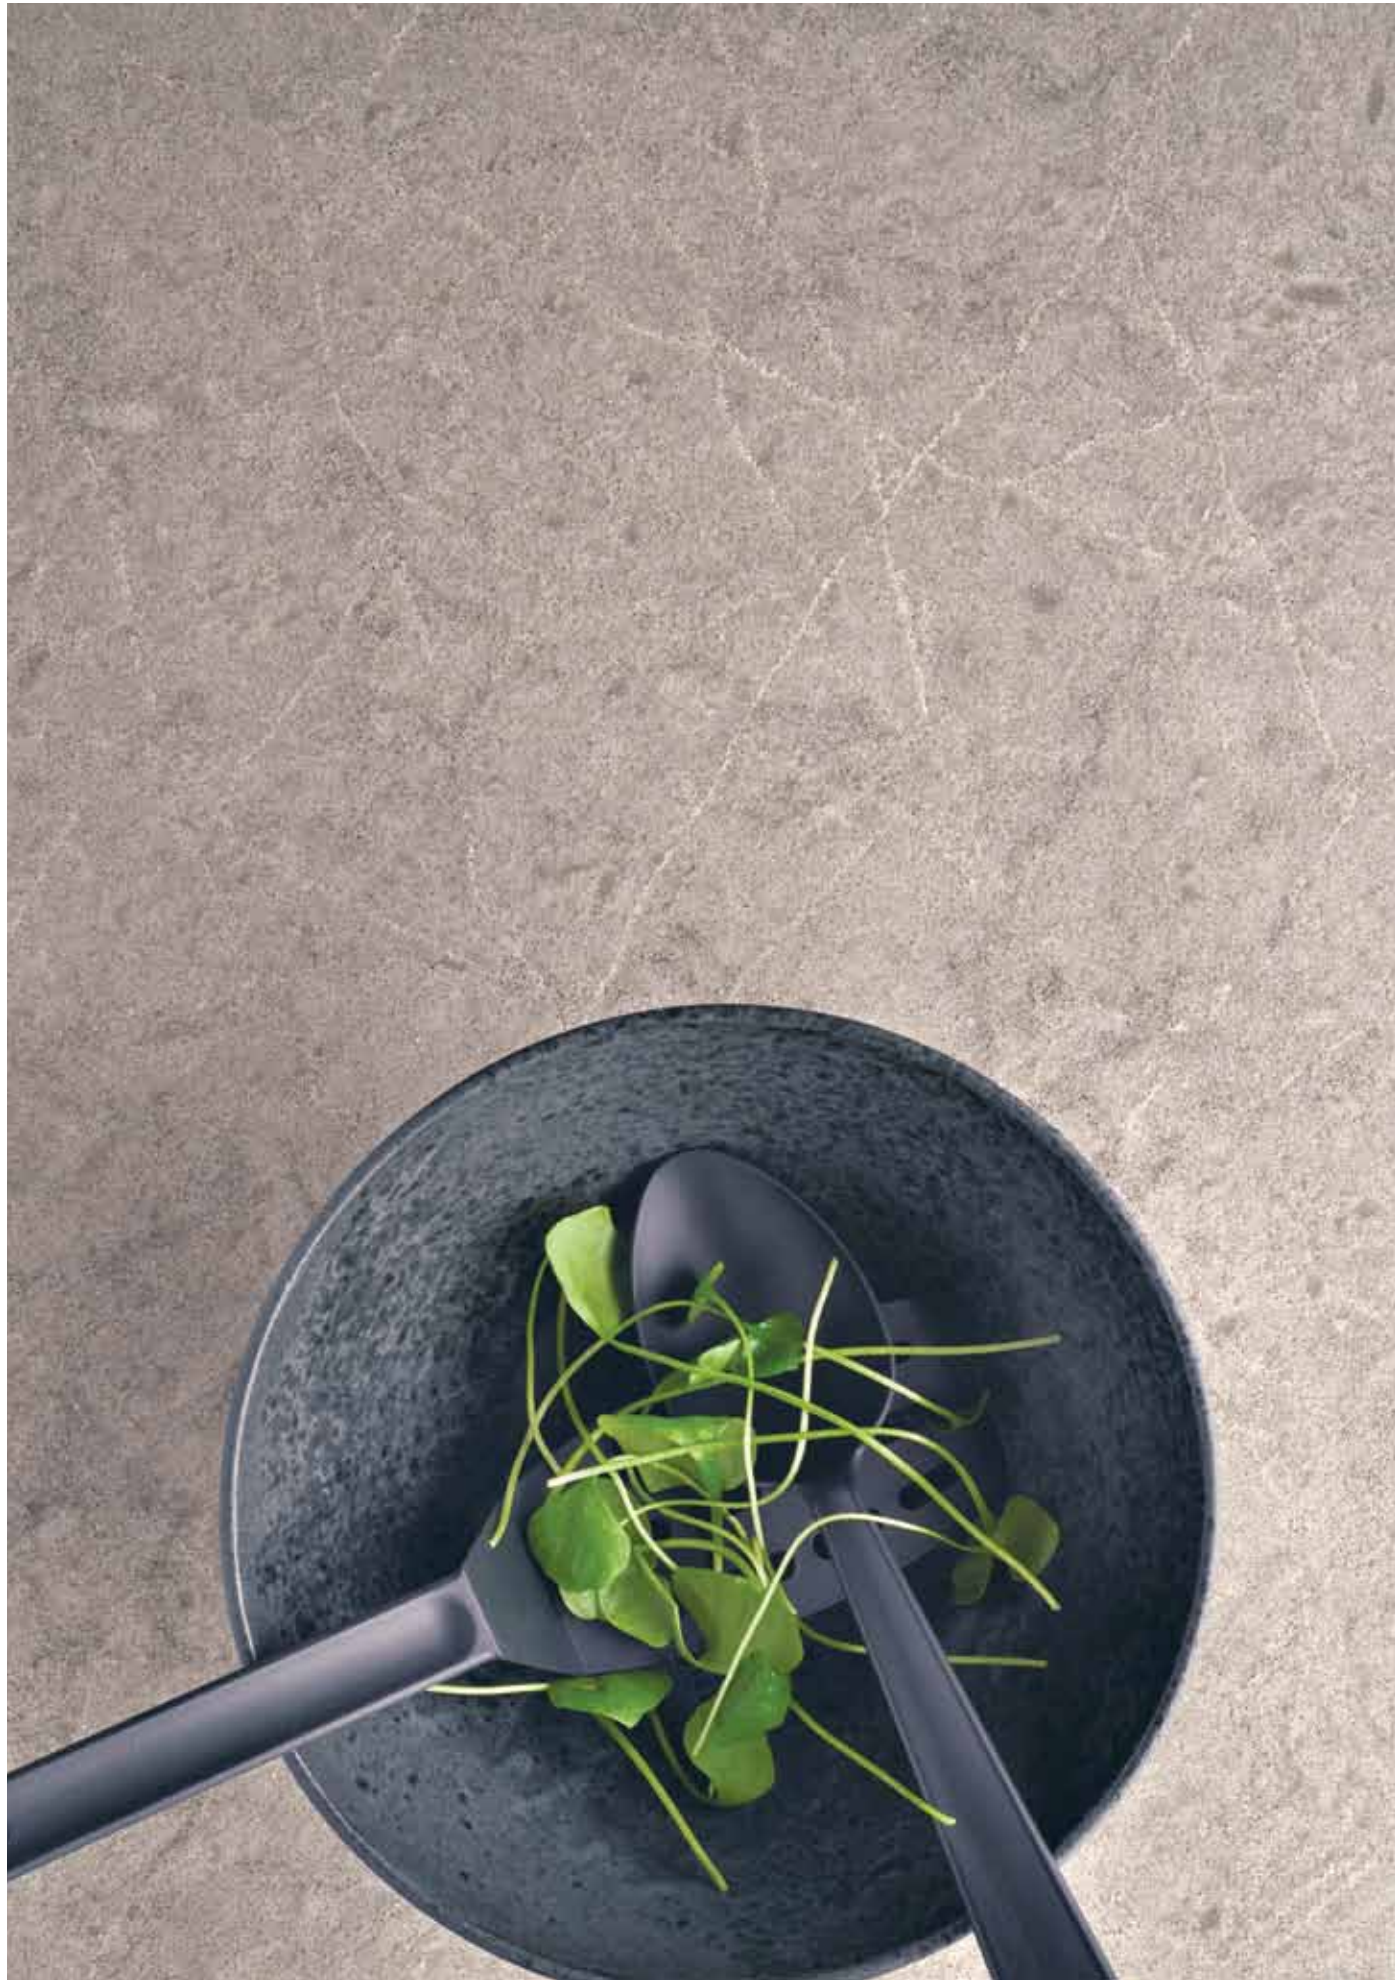

## Wall Applications

Non-porous, waterproof, mold and mildew resistant, Caesarstone quartz surfaces are ideal for kitchen backsplash and bathroom wall linings. Large slabs provide a sleek and modern aesthetic, minimizing seams and maintenance.

## Low Maintenance Decor for Modern Living

Caesarstone surfaces require minimal maintenance to keep them looking like new. Soap and water or a mild detergent ensure ease of care for long-lasting luster.

## Combining Design and Function

As passionate as we are about design, we are equally committed to providing the best quality and service. Caesarstone has received worldwide recognition for our commitment to quality, safety, and environmental standards. Each and every one of our surfaces is carefully inspected to ensure it meets the highest level of international quality standards.

## Service and Warranty

Our surfaces are accompanied with a comprehensive warranty and professional customer service support worldwide.

*Your home is where you can unleash your inner desires. Express who you are. We are here to make it all possible.*

\*Some restrictions apply. Copies of our Residential Lifetime Warranty are available on our website.
